GARIBALDI-ITALIA'S GREAT PATRIOT

IN the cause of Personal and National Liberty this modern Rienzi of sunny Italy would have gladly laid down his life. It inspired him to deeds of immortal grandeur, of superb valor and of boundless suffering. Garibaldi would not have legislative tyranny of any kind enter into his own private life any more than will our millions of liberty-loving Italian citizens. His flaming soul scorned any legislation which would prohibit ALL because ONE man out of thousands imbibes in gluttonous quantities. He knew that the light wines of Italy and the barley brews of Germany are beneficial to humanity

Upon an old Germanic basis 57 years ago Anheuser-Busch, brewers of Budweiser, established their brand. The Constitution of the United States is the sole authority upon which they launched their business in America. Every day of these 57 years has been devoted to the brewing of an honest Barley-malt and Saazer Hop brew—the kind that spells Temperance throughout the world. Seven thousand, five hundred people are daily required to keep pace with the public demand for Budweiser. ANHEUSER-BUSCH - ST. LOUIS Its sales exceed any other beer by millions of bottles.
